100.4. before the end of the prescribed period of medical rehabilitation, when the objectives of rehabilitation have been achieved;

100.5. at the patient's request, although the treatment has not been completed. The patient shall enter his/her request on a form approved by the Managing Director of the Medical SPA and sign it; the doctor treating/on call the patient shall be responsible for providing the form to the patient to enter his/her request;

100.6. for violation of the internal rules of the Medical SPA;

100.7. for unauthorized absence from the Medical SPA for more than 12 hours;

100.8. in other cases stipulated by the legislation.

101. Reasons for discharge are stated in the medical records.

102. If the patient's continued stay in a healthcare facility is not medically justified, the patient or, in the cases provided for by law, the patient's representative, shall be given a full explanation of the rationale for such a decision and of the continuity of the care before being discharged from the healthcare facility to home or sent to another healthcare facility. On receipt of such information, the patient or, where applicable, the patient's representative, shall sign it. When a patient who, at the time of his hospitalization, cannot be considered to be capable of exercising a reasonable judgement as to his/her own interests is discharged from a healthcare facility or sent to another healthcare facility, the information referred to in this paragraph shall be provided to the patient's representative if he/she is named in the patient's medical records by signature or if the patient's representative has provided the healthcare facility with a document confirming his/her representation in accordance with the requirements laid down by law. The patient/patient's representative shall acknowledge receipt of the information by signing the patient's declaration of intent for inpatient services.

103. A patient, if in the opinion of the physician his/her medical condition requires active treatment, may be referred to other inpatient personal healthcare facilities after the transfer has been coordinated with the facility and a referral has been issued and the patient has been informed in accordance with the above procedure. If this is not necessary due to the patient's condition, the patient shall be transported to another healthcare facility at the expense of the patient or his/her representative. The patient may also be

transported at the request of the patient or his/her representative by means of transport provided by the Medical SPA, subject to the payment of the patient or his/her representative in accordance with the procedure laid down in the order of the Managing Director of the Medical SPA.

104. Upon discharge from the Medical SPA, the patient shall be provided with all the medical documents required in his/her specific case, in accordance with the procedures laid down by law.

105. Patients whose medical rehabilitation services are covered by the SSIF budget and whose further stay in the Medical SPA is not medically justified shall be discharged from the Medical SPA and shall leave the Medical SPA by 12:00 a.m.

106. Patients whose services are not covered by the SSIF budget shall be discharged from the Medical SPA and shall leave no later than the time specified in the purchased treatment programme.

107. If the patient chooses a later departure time than in the booked service, a late check-out fee will be applied, as approved by order of the Managing Director of the Medical SPA.

108. In case of early departure from the Medical SPA, a penalty of 30% of the value of the unused services shall be applied, except in emergency situations (e.g. illness of the patient, death of relatives, etc.). In case of departure after 18:00, a penalty of 50% of the value of the unused services shall apply.

109. In the event of the death of a patient, the Medical SPA's Managing Director's order about the procedure for employee actions in the event of the death of a patient shall apply.

VIII. DISPUTE RESOLUTION AND COMPENSATION FOR DAMAGES

110. The patient has the right to lodge a complaint with the Medical SPA about the violation of the patient's rights within one year from the date of becoming aware that his/her rights have been violated, but not later than 3 years from the date of the violation of rights.

111. Complaints can be submitted directly (upon arrival at the Medical SPA), from another location (by registered mail, via courier, sent by e-mail, other means of electronic communication that ensure the possibility of determining the identity of the person making the complaint). The complaint must specify the patient's rights, which he/she believes the Medical SPA has violated, the circumstances confirming this and the patient's demands to eliminate the violation of his rights. The complaint must be accompanied by documents (if the patient has them) confirming the circumstances stated in the complaint and justifying the requirements stated in the complaint. If the complaint is submitted by the patient's representative, a document certifying the representation is also attached to it.

112. If not all, improperly formalized documents that must be submitted with the complaint are submitted together with the complaint, and/or they and/or the complaint contains incomplete and/or inaccurate information, the Medical SPA no later than within 3 working days from the day of receiving the complaint, to the person who submitted the complaint indicates the identified deficiencies and informs that the complaint will not be considered if the deficiencies are not eliminated within 30 days from the day of informing the person who filed the complaint about the identified deficiencies, and that in this case the patient has the right to submit the complaint to the Medical SPA again.

113. Complaints are not examined and are returned to the person who submitted them, indicating the reasons for the return in the following cases:

113.1. not all, improperly formalized documents that must be submitted with the complaint were submitted together with the complaint, and/or they and/or the complaint contained incomplete and/or inaccurate information and the person who filed the complaint did not fulfill the requirement within the time limit specified in part 3 of this article correct deficiencies;

113.2. the complaint is written illegibly.

114. The Medical SPA must examine the patient's complaint and notify the patient in writing or, if the complaint was submitted by the patient's representative, the results of the investigation to the patient's representative no later than within 20 working days from the date of receipt of the complaint at the Medical SPA. The time for eliminating deficiencies is not included in this term. Complaints at the Medical SPA are processed free of charge.

115. A patient who disagrees with the Medical SPA's decision taken after examining his/her complaint, or if his/her complaint is not accepted for examination at the Medical SPA, or if his/her complaint is not

examined within 20 working days, with a complaint about the defense of his/her violated rights related to the availability and quality of personal healthcare services has the right to apply to the State Accreditation Service for Health Care Activities under the Ministry of Health, for the defense of his/her violated rights related to compulsory health insurance issues – to the State Social Insurance Fund under the Ministry of Health, for his/her violated rights related to the compliance of personal healthcare services for bioethics requirements, defense – to the Lithuanian Bioethics Committee.

116. IX. REPRESENTATION

117. The patient acquires rights, assumes obligations and fulfils them himself/herself or through his representatives.

118. In cases established by law, the patient acquires rights, assumes obligations and fulfils them only through representatives or with the permission of the court.

119. Representatives, acting on behalf of the patient, must submit a document confirming the representation and their personal documents.

120. A patient aged 16 or over may be represented by: legal representatives and authorized representatives.

121. A patient recognized by a court as mentally incompetent at making healthcare decisions is represented by a guardian.

122. A patient recognized by a court as having limited capacity in the field of healthcare acquires rights and assumes obligations and exercises them in accordance with the procedure established by the Civil Code of the Republic of Lithuania.

123. Patients aged 16 and over can choose an authorized representative. This representation shall be notarized or the patient may indicate his/her choice of representative by signature in his medical records.

124. A minor patient under the age of 16 years shall be represented by his/her legal representatives: a parent (adoptive/foster parent), or guardian.

125. A minor patient under the age of 16 who is placed under institutional care (guardianship) shall be represented by the persons appointed by these institutions upon presentation of a document certifying representation.

126. A minor patient aged 16 years or over who cannot be considered capable of exercising a reasonable judgement as to his or her own interests shall be represented by his or her legal representatives: a parent (adoptive/foster parent), or guardian.

127. An adult patient who cannot be considered to be capable of exercising a reasonable judgement as to his or her own interests shall be represented by his or her legal representatives: the spouse, the partner, or, in the absence of a spouse or partner, by one of the patient's parents (adoptive parents), or by one of the patient's adult children, or by one of the patient's adult brothers (sisters), or by one of the patient's adult grandchildren, or by one of the patient's grandparents. The relatives of an adult patient who cannot be considered to have the capacity to judge his/her own interests in a reasonable manner shall be approached in the following order for consent to be the patient's legal representative: spouse, partner, parents (adoptive parents), adult children, adult brothers (sisters), adult grandchildren and grandparents. If one of these persons agrees to be the legal representative, the consent of the others is not required. The persons referred to in this paragraph shall not be regarded as legal representatives of an adult patient if they refuse to act as representatives, if the patient has authorized a representative or if the patient has been placed under guardianship (custody).

X. PROCEDURE FOR PROVIDING INFORMATION ABOUT THE PATIENT'S CONDITION TO THE PATIENT AND HIS RELATIVES

128. All information about the patient's stay in the Medical SPA, treatment, state of health, diagnosis,

prognosis, as well as all other personal information about the patient is considered confidential even after the patient's death.

129. Confidential information can be provided to other persons only with the written consent of the patient, which specifies the basis for providing such information and the purposes of use, except for cases where the patient has signed in the medical records which specific person has the right to receive such information, as well as such information scope and terms of provision.

130. Confidential information may be provided to persons directly involved in the treatment or care of the patient, performing the patient's health examination, without the patient's consent, and to the extent necessary to protect the patient's interests.

131. Information about the health status of a patient who cannot be considered capable of reasonably assessing his/her own interests is provided to the patient's spouse (partner), the patient's parents (adoptive parents) and the patient's adult children upon their request. If the specified persons are not available or it is not possible to contact them as quickly as necessary, information about the health status of a patient who cannot be considered capable of reasonably assessing his own interests is given to one of the adult brothers (sisters) of this patient or one of the adult grandchildren of this patient, or to one of this patient's grandparents at their request. Without limiting the rights granted to other persons, these persons, with the consent of the doctor(s) responsible for the patient, also have the right to visit the patient.

132. The patient has the right to information about his health condition, test results, disease diagnosis, treatment methods, goals, effects, risks, options and treatment prognosis. His decision to have such information is recorded in the medical history.

133. Without the patient's consent, confidential information may be provided, in accordance with the procedure laid down by the legislation, to state institutions which are entitled by the laws of the Republic of Lithuania to receive confidential information about the patient, as well as to the insurance institution which insures the civil liability of the healthcare institution, and to the persons who directly examine the complaint. Confidential information may be provided to these persons only upon their written request, specifying the grounds for the request for confidential information, the purposes for which it is to be used and the extent of the information required. In all cases, the provision of confidential information shall be in accordance with the principles of reasonableness, fairness and the protection of the patient's rights and interests as a priority. Such information shall be provided in writing by the administration of the Medical SPA upon request.

134. In accordance with the patient's declaration of intent, information about the patient's condition shall be provided to the patient and/or to the persons specified in the declaration in the context of the provision of inpatient/outpatient services (hereinafter referred to as "Declaration").

135. Information shall be provided to the patient and/or to the persons named in the Declaration in a form which the patient and/or the persons named in the Declaration can understand, on the patient's state of health, the diagnosis of the disease, the medical examination data, the possible treatments and results, the prognosis of the treatment, and the consequences of refusal of the proposed treatment.

136. A doctor may withhold information if it would harm the patient's health or endanger his/her life, or if the patient refuses the information, or if the medical records contain a decision by the attending doctor not to provide the information.

137. Information on the condition of patients undergoing treatment may be provided by attending physicians, heads of wards, doctors on duty and nurses within the scope of their functions, in accordance with the procedure laid down in the Rules.

138. At the patient's request, his/her medical records shall be made available for inspection on presentation of an identity document. The patient's representative shall also have the right to inspect and obtain copies of the patient's medical records and, when acting on behalf of the patient, shall be obligated to produce a document certifying his/her representation and his/her identity document.

139. The disclosure of medical records to a patient may be restricted if the information contained therein would harm the patient's health or endanger his or her life. The decision not to release medical records to a patient shall be taken by the attending physician and recorded in the patient's medical records.

XI. PROCEDURE FOR PROVIDING INFORMATION ABOUT THE PATIENT, MAKING COPIES OF MEDICAL RECORDS AND OTHER DOCUMENTS, AND ISSUING THEM TO THE PATIENT OR OTHER NATURAL AND LEGAL PERSONS

140. Requests for making and issuing copies of medical records and other documents may be submitted directly (upon arrival at the Medical SPA), remotely (by registered mail, by courier, by e-mail, or by other means of electronic communication ensuring the possibility of establishing the identity of the person submitting the complaint).

141. Persons entitled to receive written information about the patient on the grounds and in accordance with the procedure established by the legislation shall submit a written request and the patient's corresponding written consent to the Medical SPA. The request shall specify the nature of the information sought and the purpose of its use.

142. A patient submitting a request to the Medical SPA for the provision of written information (receiving copies) must present a personal identity document. The patient's representative, when requesting written information, shall provide a document proving his/her identity and representation.

143. If incomplete, improperly executed documents and/or incomplete and/or inaccurate information is submitted together with the request, the Medical SPA shall, not later than within 3 working days from the date of receipt of the request, indicate to the applicant the deficiencies identified and inform that if the application is not corrected within 30 days from the date of informing the applicant of the deficiencies, and in such a case the patient has the right to submit the request to the Medical SPA again.

144. The Medical SPA shall provide the requested written information to the patient or his/her representative not later than within 20 working days from the date of receipt of the request by the Medical SPA. The time for rectification of deficiencies referred to in the Rules shall not be included in this time limit.

145. Without the patient's consent, confidential information may be provided to law enforcement, institutions controlling healthcare services or other institutions which are entitled to such information by the laws of the Republic of Lithuania.

146. Personal healthcare facilities wishing to receive information about a patient shall submit a letter to the Medical SPA, signed by the head of the facility, stating the nature of the information to be received and the purpose of its use.

147. Other facilities or institutions wishing to obtain information about the patient shall provide the Medical SPA with a letter signed by the head of the facility or institution and the order, decision or other document required in such cases under the legislation governing the work of those facilities or institutions, or a letter signed by the head of the facility or institution stating the nature of the information sought and the purpose of its use, and accompanied by the patient's written consent or the patient's legal representative's consent and a document confirming identity.

148. Medical documents (medical records, health records, etc.) shall be the property of the facility; patients and their representatives shall not be allowed to take these documents out of the facility arbitrarily. Patients coming for services not covered by the SSIF budget are allowed to take their procedure cards with them.

149. In case the Medical SPA does not have the requested written information (does not have medical documents about the patient and the services provided to him/her), it shall inform the applicant about it in writing not later than within 5 working days from the date of receipt of the request for information.

XII. STORAGE OF PRECIOUS OBJECTS (PRECIOUS METAL ARTICLES, PROSTHESES) AND MONEY

150. Patients are advised not to bring large sums of money or any valuables within the Medical SPA.

151. The Medical SPA shall not be responsible for objects, documents, money, etc. left in rooms, unguarded coatrooms, or other premises of the Medical SPA. Patients are obligated to protect themselves.

152. For storing small items and money, an individual safe is provided in the room at the Medical SPA, which can be used in accordance with the instructions provided inside the safe, or lockable lockers in the

changing rooms at the Rehabilitation Centres.

153. In the event that there is no individual safe in the room, a loan agreement may be concluded with the medical SPA for the use of an individual safe in other rooms.

154. Items lost by patients and found by employees or other patients shall be handed over to the Medical SPA's administration and handled in accordance with the procedures approved by the Medical SPA's Managing Director.

155. The Medical SPA undertakes to keep the belongings of patients found (left behind) for three months from the date of departure of the patient, with the following exceptions: a) hygiene products, underwear and other similar items shall not be kept and shall be disposed of after the departure of the guest; b) precious metal articles, documents, watches, vehicle or door keys and money shall be kept for one year from the day of discovery.

156. At the request of the patient, items found in the Medical SPA belonging to the patient, after identification by individual characteristics, may be sent to him/her by post or otherwise handed over to him/her, provided that the patient agrees to arrange for the dispatch of the item(s) and to pay the costs.

XIII. PROVISIONS OF DOCUMENTS GOVERNING SAFETY AT WORK

157. At the workplace, it is obligatory to observe the requirements of occupational safety, fire safety and electrical safety, to follow the provisions of the Law on Safety and Health at Work of the Republic of Lithuania and other legal acts related to occupational safety, the requirements of the instructions for duties and the rules of procedures, other orders of the Managing Director of the Medical SPA.
